

## Getting to Roteq Engineering Pte Ltd

The MIDVIEW Building is the **ORANGE** building on the sketch below.

**By CAR**, follow the RED routing at the final approach. Drive into Bukit Batok Crescent (in front of the ORIX Building), then immediately right again and proceed to the Entrance of Midview. Go around the Building as shown on the map and drive down to the B1 car park (free parking). Once you are at the B1 car park, proceed to the Lift Lobby 3 (the lift lobby at the mailboxes). Take the lift to the 6th floor and keep right to Unit #06-04.

**By TAXI**, keep the BLUE route at the final approach, alight in front of the Midview Building (you are now at Level 2). Proceed here straight into the building and you arrive at Lift Lobby 3. Take the lift to the 6th floor and keep right to Unit #06-04.

From the City/Airport you come either via the **PIE** (exit 28) or the **AYE** (exit 11 to Clementi Ave 6 until you reach the PIE, stay left and exit immediately again - follow above sketch).

From Jurong (Malaysia/Tuas) you come via PIE (exit 28) or via AYE (exit 11 as above).

From North Area (Woodlands/Malaysia Causeway) drive down the BKE till the end, keep right and enter into PIE until 2 exits further you reach the PIE Exit 28 (see above sketch again). Plenty of alternative ways are of course available, depending on your local road knowledge.
